EXECUTIVE MASTER OF BUSINESS ADMINISTRATION

Shape the operations and ambitions of your organization by connecting with senior executives, enhancing your leadership skills and broadening your knowledge of global markets

The Executive Master of Business Administration is a general management program that prepares experienced managers from a variety of backgrounds and professions for senior leadership roles in their organizations.

The curriculum is firmly grounded in the functional areas of the business enterprise. Additional courses are designed to introduce managers to developments significantly impacting business including technological advances, globalization and the Internet economy. Graduates will be able to compete successfully in a global business environment, use business systems appropriately, think critically, solve problems and be creative. Graduates will also be able to communicate effectively, and use interpersonal skills in a business environment.

Professional Outcomes

Throughout the program participants enhance their career robustness by improving their leadership and management capabilities and learning to operate effectively in a changing, complex and global business environment. Successful completion of this program can improve employment prospects, enhance current job performance, aid promotion towards a senior management role, and improve graduates' readiness to meet new opportunities in a global business environment.

Faculty

Program courses are taught by select professors from Zayed University who have earned doctorates, diverse international research experience, and superior teaching performance in graduate level programs.
